Introduction

Diligentia is glad to announce its Annual flagship event the 7th Annual LNG Summit 2021 scheduled to be held on 7th April 2021, New Delhi. The event has garnered an enviable reputation in the industry as one of the popular forums for the LNG industry. With a plethora of topics and Technical sessions, 2021 edition would be facilitator for knowledge dissemination and forging new business synergies and partnerships. Top-notch industry stakeholders and thought leaders will share their valuable insights to help identify bottlenecks, address the challenges, leverage opportunities and growth avenues.

Our Honourable prime minister has set a target of raising the share of natural gas in the country's primary energy basket to 15 percent by 2030 from 6.2 percent currently. Greater use of natural gas will cut fuel costs as well as bring down carbon emissions, helping the nation meet its COP-21 commitments. The future of LNG remains as strong, especially for medium to long-term demands and expectations. Therefore as projected the world will be seeing significant growth in the coming 10 years. The positive outlook towards a robust natural gas demand growth amid the ground realities such as domestic supply constraints, under-balanced gas pipeline and RLNG terminal infrastructure signals that significant ground needs to be covered in terms of infrastructure development and adopting innovative supply-chain approach towards penetrating gas markets through LNG.

Diligentia with these kinds of business Events aim to serve the industry better by getting the policy makers and decision makers of the industry together over a platform. Considering the importance and relevance of the natural gas in the Indian

energy mix and the position it holds as a beacon of clean energy for the Indian energy sector, the event attendance will have top executives from various companies in the entire supply chain of Natural Gas.

Topics of Discussion

- LNG Opportunity & Infrastructure
- Evolving Market structure for LNG
- Gas Pricing and LNG Market
- LNG For Transport (LNG Trucking)
- LNG For CGD
- LNG Shipping
- Integrated LNG Solutions –LNG
- Distribution and SSLNG

About Organiser

Founded in 2012, Diligentia specializes in organizing conferences, exhibitions and exclusive master classes for the targeted audience. Our services span across industry verticals including —Infrastructure, Oil and Gas, Aviation and Power. A unique combination of Industry veterans and young professionals who represent the board of Diligentia promises niche and stimulating conference properties that resonate well with the audience.
